

# Botox® Treatment Now Available

Enhance your comfort, confidence, and well-being with Botox treatments offered in our office.

Botox may ease:
• TMJ-related discomfort and jaw tension
• Headache pain
• Facial lines and wrinkle depth

Our treatments are performed by dentists who have received advanced training through the American Academy of Facial Esthetics (AAFE), allowing us to provide safe, comfortable, and personalized care.

Quick, convenient treatments with little to no downtime.

Schedule your consultation today to learn if Botox is right for you.
